Abstract: *In this article, we have reviewed 6 tips on how to improve pronunciation in English without leaving home. Pronunciation is your business card and clothes that create an impression not only about your level of language proficiency but also about your education and level of culture. You can have a high school certificate, and translate Shakespeare, but if you speak with an unbearable, incomprehensible accent, the interlocutor will think that you are uneducated, and poorly knowing the language.*

Keywords: *pronunciation, tongue twister, American and British pronunciation, listen to a podcast, shadow, record a video, correct pronunciation*

Many countries, speak in English and there are many pronunciation options, for instance: Irish, Australian, and New Zealand, but the most famous among them is the American and British. You need to decide, which one you will speak, because pronunciation and words are different. In American English water pronunciation is US /'wɑ:.tə/ and in British UK /'wɔ:.tər/ or banana, transcription UK /bə'nɑ:.nə/ US /bə'næn.ə/, transcription color UK /'kɒl.ər/ US /'kɒl.ə/. If you have bad pronunciation, it will make it difficult for you to communicate with foreigners, and they may not understand you because the words sound the same but have different meanings.

Learning English is not a difficult process, however, pronunciation sometimes confuses us. For example, look at these words: leak and lick, leave and live, bean and bin. These words have the same pronunciation, but meaning different. We can continue this list for a long time.

There are sounds in English that are not present in other languages, and beginners, who are just starting to learn the language face this problem, it is difficult for them because they hear these sounds for the first time and it is even more difficult to pronounce, there is no person who would not face this problem, and does not forget that in all endeavors there are difficulties nothing is impossible, the main thing is to want it.

In this article, I will share 6 ideas on how to improve pronunciation in English.

1 Item. Record yourself on video.

When you speak, record yourself on the video to review and understand where you make mistakes and how your speech sounds from the side in which words or letters you have a fuzzy pronunciation and train on this part, for example, the sound of Th, or R

2 Item. Tongue twisters, the most effective way to correct pronunciation is to read tongue twisters.

What may be a Tongue Twister?

A tongue twister may be a gathering of words that are difficult to say together in a gear arrangement. They as a rule have the same sounding consonants. So, after you do attempt to say the words in arrange, the articulation comes out all off-base. For instance, "Red lorry, yellow lorry." Here is one well-known tongue twister with the sound [p], which is often practiced:

Peter Piper picked a peck of pickled peppers.

A peck of pickled peppers Peter Piper picked.

If Peter Piper picked a peck of pickled peppers,

Where's the peck of pickled peppers Peter Piper picked?

And in this short tongue twister, the sound [w] alternates with [v], which makes it quite difficult: William always wears a very warm white vest in winter.

Tongue twisters for practice, easy level from 2 words

- 1.Black back bat.
2. It dawned on Don at dawn.
- 3.Rural ruler.
4. Thin sticks, thick bricks.
5. Loyal royal lawyer.

Difficult level

- 1.Normal word order or inverted word order?
- 2.My back black brake blocks are broken.
- 3.I can't believe that «I Can't Believe It's Not Butter! » is actually a butter that I can't believe is not butter.
- 4.She sells seashells on the seashore. The seashells she sells are seashore seashells.

- 5.Thirty-three thousand people think that Thursday is their thirtieth birthday.

3 Item. Don't attempt to figure out how to say a word in English.

Learn how to articulate it accurately the primary time. There are numerous, numerous words in English that are not articulated the way they look. Once you see an unused word, the most exceedingly bad thing you'll do it attempt to figure out how to say it or use the sounds in your local dialect to say the word. You don't need to figure out how to say a word in English. You don't ought to see at a word and attempt to keep in mind elocution "rules."

4 Item. Read it out loud.

Speaking out loud different types of conversations can be especially helpful because it helps you practice your tone of voice.

5Item. Shadow somebody talking in English.

Your shadow is the dull range or picture you make after you stand within the light. Once you stand looking at the sun or other source of light, you piece the light

from everything behind you. In the event that you turn around, you'll see a dull range or a dull picture of yourself. That's your shadow. Your shadow follows you. It moves after you move. The verb shadow can be too cruel take after and observe somebody so you'll learn what they're doing. Have you ever attempted this when somebody is talking? Shadowing somebody talking intellectually rehashing the sounds that you simply listen to instantly after somebody says them. Why is this valuable? Since you'll be able to listen to yourself talking and compare the sounds you make to the sounds that you just listen to. You'll also learn how to form the proper sounds.

6 Item. Listen to podcasts every day and everywhere.

It is no longer surprising that there are a lot of podcasts on different topics on the Internet, choose your level and listen every day, no matter where you listen on the way to college or to work, on the bus, or when you play sports. This way you will train your hearing to understand words correctly.
