Uzbek writers have always had a place in the hearts of the whole world. There are many owners of their place in the world. Among them, Alexander Feinberg contributed a lot to this. With his works and translations, he managed to win the love of Uzbeks, Russians and many other peoples. Although stability was not observed in his work, his written works indicate that the poet has deep meaning. With his translations, Feinberg proved to the whole world that the literature of the Uzbek nation is distinguished by its attractive tone. Even if our poets have been writing for years, we can say that they have reached the pinnacle of literature. This proves that our poets have a mature character. In Western and Eastern poetry, the past and the present, and even the nationality of each nation, are interconnected, creating a unique artistic world. We know that Uzbek classical literature is also distinguished by its artistry. It would not be an exaggeration to say that the poets of our nation's past and present writers became known for their high works and were and still are examples to our youth. I want to talk about a person who translated the incomparable works of our artists into his own language. This is definitely Alexander Feinberg, that is, one of the favorite and honored poets of Russians. Although the main part of Feinberg's work is literary translation, we can easily say that his lyrics are known and popular not only among his own people, but also among Uzbeks and other nations. The proof of this was yesterday at our university, we can review at the last conference. At this meeting, Iroda Rustamovna tried to introduce Feinberg's work to our people with her beautiful speech. At this

conference, the thoughts expressed by sister Iroda about the works of one of the great Russian poets, Feinberg, were a great lesson for us young people. He said that based on Feinberg's script, "My brother", "Under the hot sun", "Tajikfilm", "Tajikfilm" and other films were shot at the "Uzbekfilm" film studio. About 20 cartoons were created based on Feinberg's screenplay. Through this information, we can understand how sharp a creator he is. When I got acquainted with his work, I fell in love with his poems. For example, one of my favorite poems, "Snow Sparkles", left a great impression on me. In this poem, life, winter scenes and even the internal conditions and situations of the city are truthfully reflected. His translations and dozens and hundreds of similar poems leave an indelible mark on the hearts of our people now and in the future. Because it is not for nothing that they call him a Russian poet who can reflect Uzbek culture in his heart.
